The foundation has awarded scholarships to 36 students since the Lenfest College Scholarship program started in 2002. In order to receive their scholarship, the students must remain enrolled in their schools and graduate in 2008. The students must then enroll full-time at an accredited U.S. college or university by the fall of 2008 and make normal progress toward an undergraduate degree. The Foundation will provide counseling to the students throughout their senior year to assist with the college admissions process.

Scholarships were awarded based on a student's ambition to succeed at a challenging college or university, a student's academic achievement and potential, a student's leadership qualities and financial need.

The Lenfest College Scholarship Program is open to students in their junior year at Chambersburg Area, Fannett-Metal, Greencastle-Antrim, James Buchanan and Waynesboro Area high schools in Franklin County, Biglerville, Bermudian Springs and New Oxford high schools in Adams County, Octorara Area High School in Chester County and Upper Perkiomen High School in Montgomery County.
